

“I did it because I have a lot to live for and getting circumcised reduces my risk of getting HIV by 60%. Plus it reduces the transfer of STIs and makes it easier to take care of my personal hygiene. Give yourself the same peace of mind. Join me!”

Bongani, 32

**I DID IT,
WHY HAVEN'T YOU?**

MALE CIRCUMCISION:

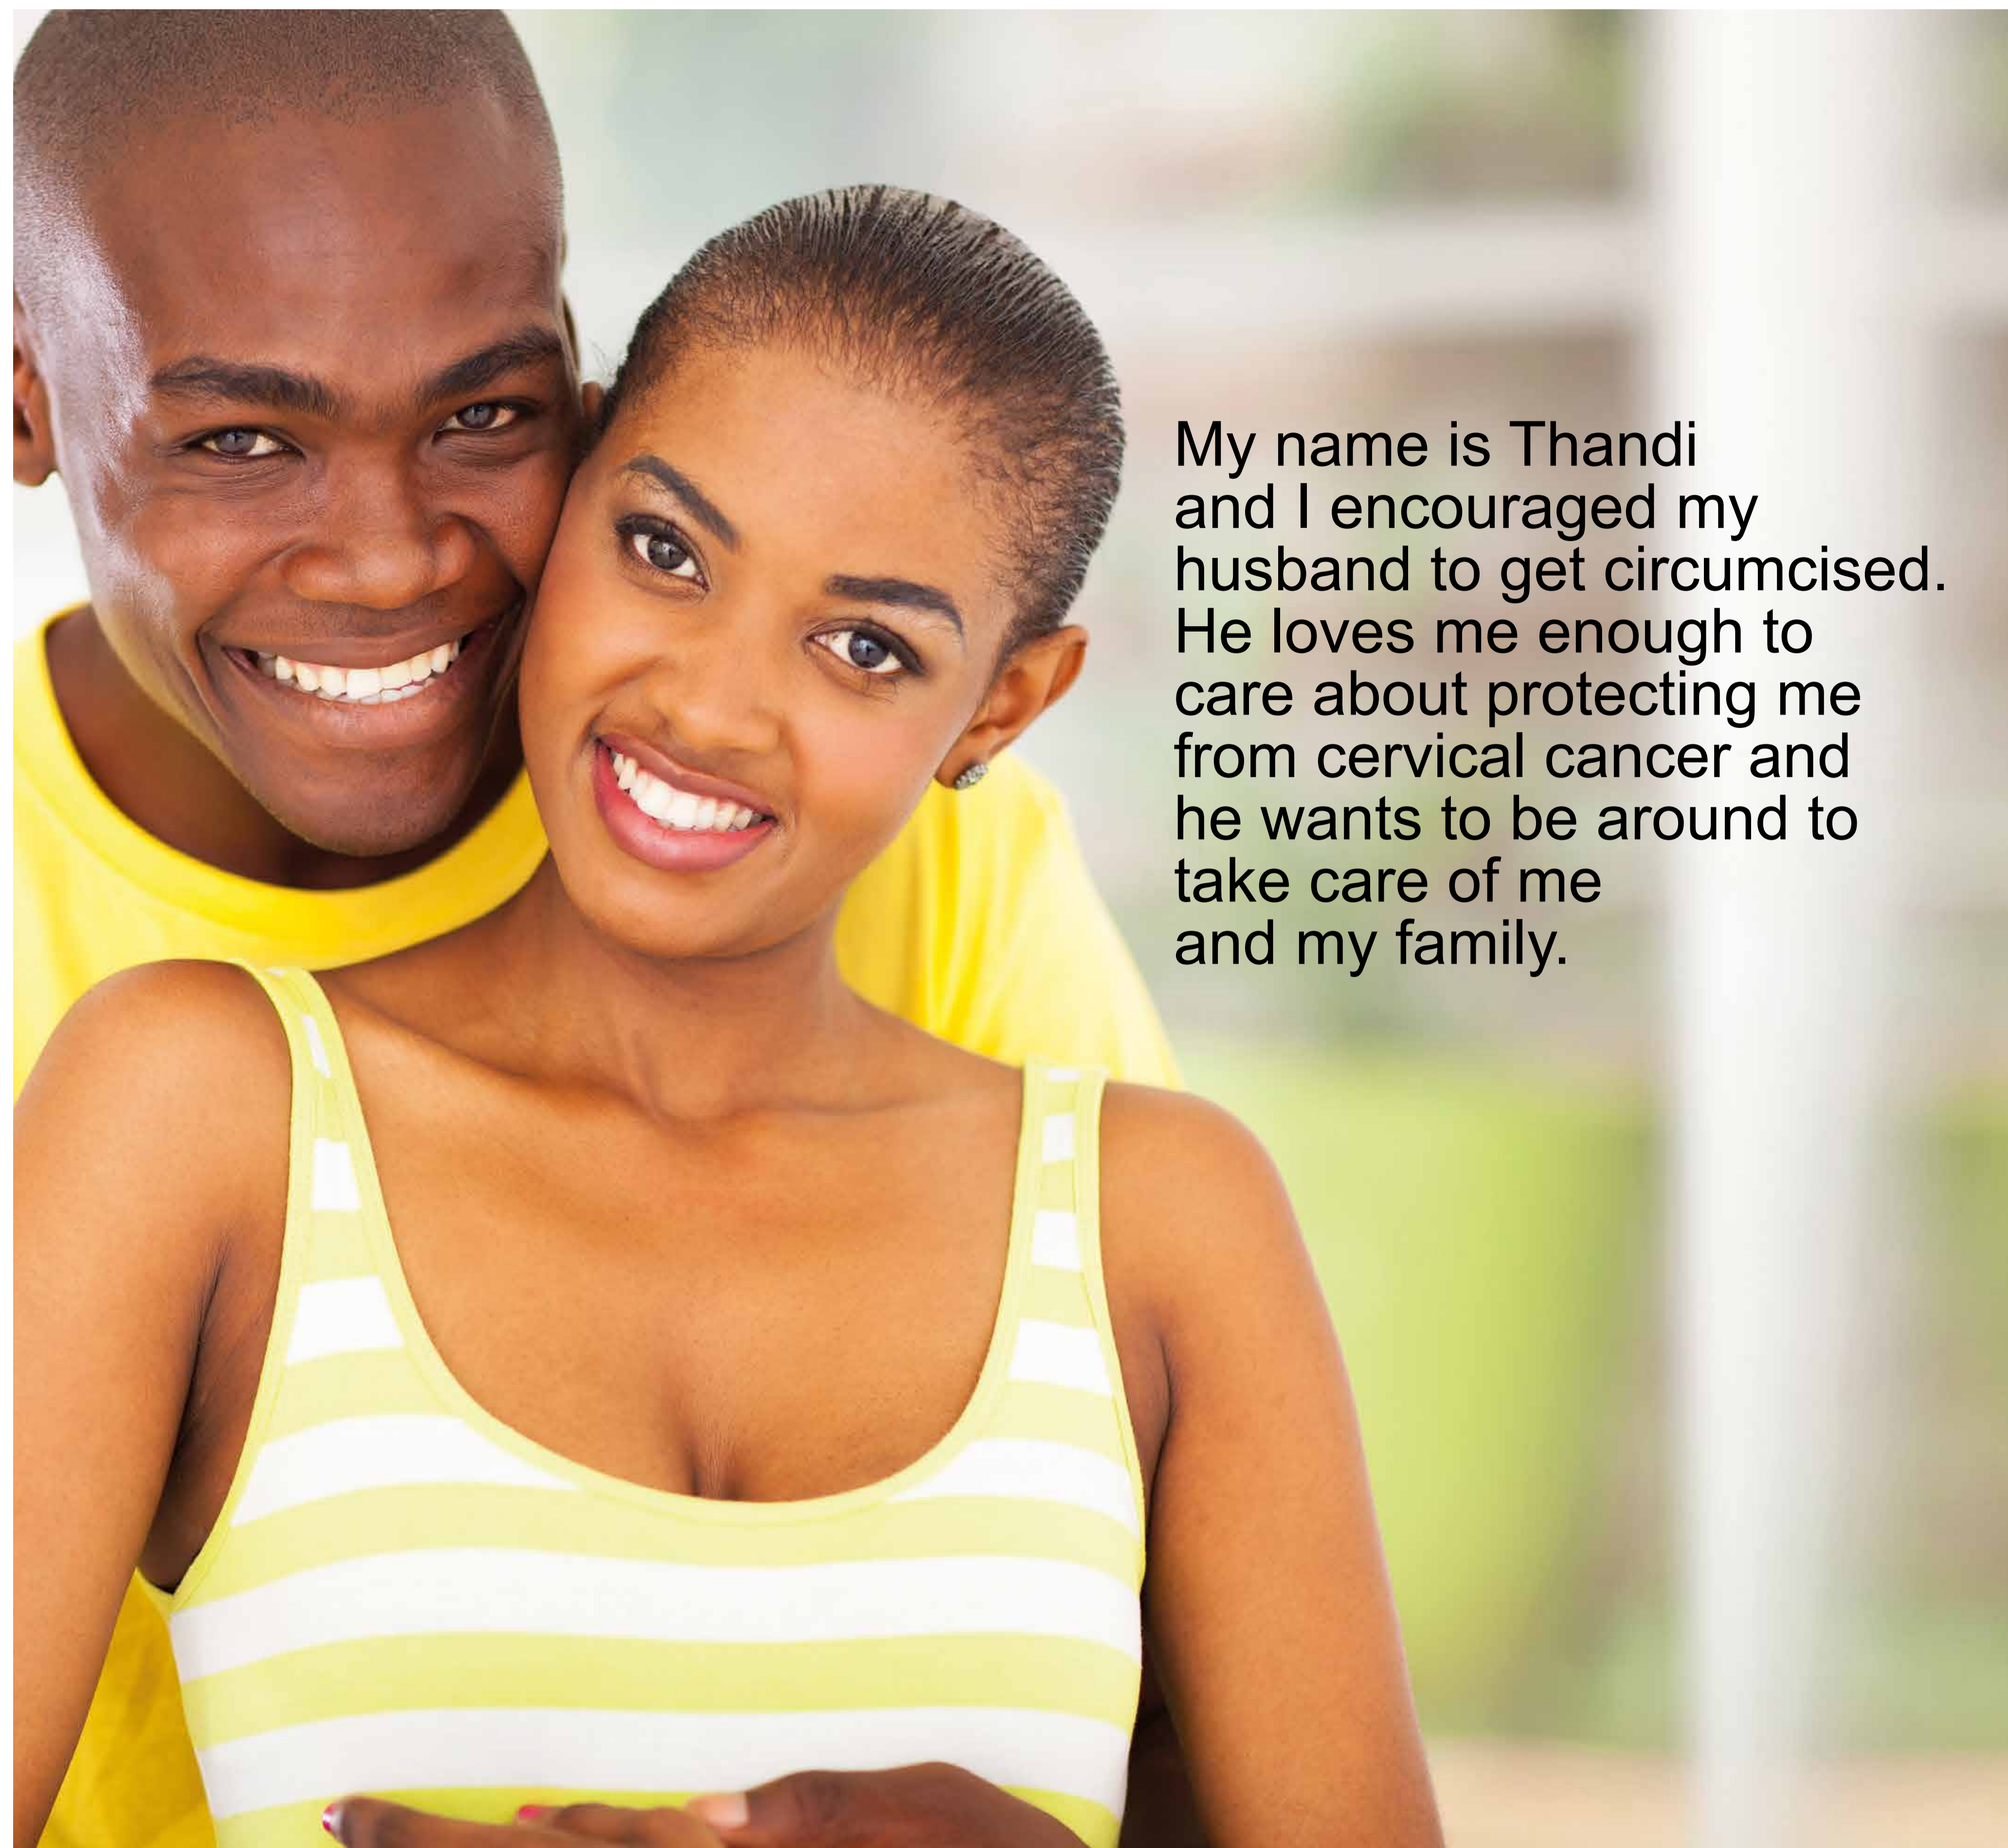

- Makes it easier to maintain personal hygiene
- Reduces the risk of cervical cancer for your female sexual partner
- Reduces risk of cancer of the male organ
- Offers 60% protection against HIV
- You can do it any time, not just in winter

My name is Thandi and I encouraged my husband to get circumcised. He loves me enough to care about protecting me from cervical cancer and he wants to be around to take care of me and my family.

**MY HUSBAND
DID IT,
JUST FOR ME**

MALE CIRCUMCISION:

- Makes it easier to maintain personal hygiene
- Reduces the risk of cervical cancer for your female sexual partner
- Reduces risk of cancer of the male organ
